

Tahsin Ahmed

Product Designer

Experience

Opendoor, Finance / Product Designer

Contract (California, USA), Nov 2021 – Jan 2022

Designed and scaled the Opendoor Finance app onto 4 new markets. Enhancing the home buying experience for 25K+ home buyers with over 80% CSAT scores recorded in-app.

Complete ownership over the design process from collecting client's need to development of our products, which includes cross-team ideation, wireframing, design, prototyping, and testing.

RedDoor HQ Inc. / Product Designer

Full-time (California, USA), Apr 2020 – Nov 2021

Managed, documented and implemented the Design System for the company's products and services ensuring scalability and ease of implementation.

Oversaw multiple product life cycles; Simplifying the user experience through data and customer feedback.

Solutions impacted thousands of home buyers and owners, helping them save money through refinancing and loan options, resulting in over \$200M in funded mortgages and 10k+ satisfied customers.

Wishu.io / Product Designer

Freelance (UK), July 2019 – Jan 2021

Led the design of new mobile app, and websites for both businesses to find talents and built the platform for over 11k+ creative professionals to showcase their talent, book local gigs and stay creatively inspired.

Closely collaborated with co-founders to design simplified customer experiences through research, testing and prototyping.

Wishu raised over €535K in pre-seed investments from Y-Combinator, TechStars, and Momo.
